

News Letter_April.2018_Monthly news

LEDTEC ASIA is the largest and only LED lighting exhibition in Vietnam. MECH participated in the exhibition in 2016 and 2017, and has successfully accomplished communication with various companies. This year, we will also introduce products suitable for customers' needs focusing on various LED lights including new products. It is expected to be an opportunity to activate new business with many promising buyers.

Vietnam representative product introduction
