Supply LED lighting for inspection (POSCO)

e-GM Tech has finally delivered inspection LED equipment to be used in POSCO's casting factory.

POSCO is a representative of the Korean steel industry. Since this test equipment should be used in a high temperature environment of more than 1300 degrees from the entrance where steel is extruded, the key is heat resistance function.

We have applied our lighting produced with excellent quality and technology.

e-GM Tech, a manufacturer of special purpose and industrial lighting, will make every effort to provide better lighting for the customer's environment.

Product introduce

■ AC220V TYPE

**e-GM Tech**  
**Landscape RGB 35W**

AC220V RGB lighting  
Landscape and theme park lighting

- Perfect application in landscape land theme park
- Waterproof, dustproof, moisture proof (IP67)
- Proper to hydrophilic areas
- Excellent design (design patent)
- Convenient installation (various accessories)

■ Specification ■ Common ■ Red ■ Green ■ Blue

Input voltage	Power consumption	Output Power	Beam angle	CCT	
AC 100-277V (4P-4W)	35W	3500m 4500m	Lens 60°	Red Green Blue	
IP level	Weight	Operation temperature	Heat sink	Cover	Certification
IP67	1.7 Kg	-50~40°C	Aluminum	Poly carbonate	KC

■ Dimension (285mmX140mmX122mm)

■ Application (Landscape, Theme park)
