EGM Tech global business

We did not expect big results. In Australia, however it showed positive reviews and interest in its products.

And one buyer has proposed an Australian related distributor and is in discussion with the distributor.

Indonesia is in contact with buyers who are mainly involved in the government business, and is conducting product promotion

EGM TECH is marketing with an important meaning in forming

Global Issue: 2020 Tokyo Olympics

There are 5 additional games (softball, karate, skateboarding, surfing).

The objective of the Tokyo Olympic Games in Japan will be to become the greatest Olympic Games in the world.

with the smallest budget in the name of the "Compact Olympics" which recycled old facilities.

The National Stadium, which was used for the 1964 Tokyo Olympics will be newly remodeled in 2020. And the point to be used for sports and cultural events

Product in issue
