EGM Tech participate in Vietnam exhibition
EGM Tech will participate in the Vietnam Architecture Fair (VAF 2018) on November 27-29, 2018. The exhibition fair is expected to be actively engaged in business contracts with the participation of Korean construction companies and foreign companies in Vietnam.

EGMTECH will collaborate with lighting pole companies in this construction fair. Focusing on making business with companies related to architectural design, taking advantage of the fact that Korean lighting poles and lighting can be introduced to further market.

LED outdoor LED lighting for construction work Type A T70W

MODULAR
Possibility of connection
High durability

LED T70W outdoor lighting suitable for indoor construction work lighting.

Product Features

- 01. Indoor work lighting
- 02. Connectable
- 03. Durability

Specifications

Model	Power	Beam angle	CA	CCF	Material
ST70W	70W	120°	100%	100%	Aluminum

Product dimensions (mm)

DC12V45W Construction equipment lighting

Specifications

Model	Power	Beam angle	CA	CCF	Material
ST45W	45W	120°	100%	100%	Aluminum

Dimension

01. SUBSTITUTION FOR METAL HALIDE
Highly efficient replacement with metal halide light
100% CCF, 100% CA

02. PERFECT WATERPROOF
IP67 waterproof rating
Highly resistant to dust and water

03. HIGH DURABILITY, SUM
Highly durable and long-lasting
